Austin Light Rail Industry Expo MAY 2023

In November 2020, Austin voters resoundingly supported a referendum to invest in Austin's transit future. We are excited to showcase our proposed framework for Austin Light Rail; discuss potential contracting opportunities; and provide networking opportunities for industry partners and local businesses. We look forward to working closely and creatively with you to implement this transformative mobility program for Austin, Texas. More information about Austin Light Rail can be found at www.atptx.org.

INDUSTRY OUTREACH NEXT STEPS

Registration assistance program for DBE and M/WBE firms

Industry engagement for continuous feedback opportunities

Additional peer agency review and input

Education on requirements for federally funded projects

Workforce training programs for local partners

Update on contracting opportunities and schedule

PROGRAM PROGRESS
